

METRO SOUTH Gymnastics Academy

Without the provision of guidelines or restrictions by the State or local authorities, MSGGA will be operating by the following guidelines.

Wellness Checks

We would encourage you to continue monitoring your child and family's well-being at home. Please do not send your child to the gym if he or she is exhibiting symptoms of illness or if someone at home is not well, exhibiting Covid-related symptoms.

We will not be doing this at the front desk.

Awaiting Covid Test Results?

If someone at home, student or other family member, is awaiting Covid test results, he/she is not permitted to enter the facility until results are received and they are negative.

Masks

Per the Town of Canton Mask Mandate that went into effect September 1st, if you're two years of age or older, you must wear a mask while in the facility regardless of vaccination status.

Physical Distancing

We will no longer be requiring the students to be 6 feet apart while in the facility; however, you will find that in most instances, they will be separated so that they have ample room to learn and practice the skills related to their sport.

Capacity Restrictions

Prior to the pandemic, we had always operated at close to 50% of our facility's capacity as this enables each group in the facility to have

an area to work on their skills. While we're no longer restricted by the state to operate at reduced capacity, we will continue to do so.

Equipment Cleaning & Disinfecting

We will continue to regularly clean and disinfect the equipment each day.

Drop Off & Pick Up

Unless your student is in a Tumble Tikes, Tiny Tots or You & Me class, we ask that you continue dropping off & picking up your student as our lobby has limited space and a few windows for viewing. You will be able to see the entirety of your child's class via [Spot TV](#).

If you have not created an account to view your child's class, I would encourage you to do so. It is free and we're happy to provide this service to you.

If your child is in a Tumble Tikes, Tiny Tots or You & Me class please only have one parent come in and as much as possible have siblings stay home.

Travel

With respect to travel, I would advise you to check the CDC and States guidelines for the latest on what you're recommended to do.

Please let us know if you have any questions regarding these updates.

See you around the gym,
Scott
